

Post-clearance Assessments

Sub-Regional Workshop on Priority Setting and Pre/Post
Clearance Assessments;

Vientiane 13 March 2009

Presented by:

Mohammad Shafiq Yosufi
Senior OPS Manager Mine Action Coordination
Centre of Afghanistan (MACCA)

Mine Action Coordination Centre of Afghanistan

Aim of This Presentation:

To share some information about Post Clearance Assessments (In Afghanistan, it is called Post Demining Impact Assessment (PDIA)

Post-Clearance Assessment Objectives:

It measures the outcomes of Mine Action Intervention:

Mine Action Coordination Centre of Afghanistan

What purpose the Post Impact Assessments are Conducted For:

- To ensure the humanitarian demining objectives achieved
- To ensure the land is used for what it was intended
- To ensure the communities remained confident of clearance
- To ensure the mine action intervention has not had any negative environmental impact
- To identify if the further demining is required
- To identify if any hazard has been newly found
- To identify the marking system is still valid
- To identify whether or not any explosive item has been found by locals in cleared lands

Post-Clearance Assessments Approaches:

- ❑ After 6 months
- ❑ Carried out by Landmine Impact Assessment Team (LIAT)
- ❑ Preferably by the same team involved in Pre-Clearance Assessment
- ❑ Similar to Pre-Clearance assessment
- ❑ Team involved in PCA is provided with all necessary information about the Minefields such as:
 - Previous LIS Information
 - Minefield Completion Report
 - Minefield Technical Survey Report

A sample of PCA Summary from Afghanistan:

Post Demining Impact Assessment (PDIA)

Progress Summary Report (April 2007 - June 2008)

S/No	Region	Visited Cleared MF/BF	Cleared MF/BF Area (Sqm)	Annual Income (US \$)	Number of Beneficiaries (Person)	Remarks
a	b	c	d	e	f	g
1	Southeast	84	4,885,674	388,305	18,498	
2	East	80	6,119,638	164,236	76,809	
3	North	69	3,794,758	208,467	55,594	
4	Centre	63	3,087,160	3,831,521	16,052,897	
5	West	61	6,424,713	2,715,693	84,712	
6	South	36	1,420,814	56,896	5,340	
7	Northeast	27	714,054	1,016,420	415,683	
Total		420	26,446,811	8,381,538	16,709,533	

Post-Clearance Assessments Reporting:

- ❑ Reporting format ([Post Demining Impact Assessment Report](#))
